# Charlotte Mecklenburg Association of Educators

## IPD Academy 2018

This initiative, built by leaders from CMAE will empower K-12 instructional educators to lead their profession. Participants will be equipped with resources to share in their schools and communities. Academy participants will grow their knowledge and skills around standard based learning, college and career- ready standards, instructional advocacy, connections with parents and the community, interdisciplinary literacy, and much more! Academy participants receive CEUs in literacy, technology, and writing.
