

Region 3 Community Service Report

August 14, 2018

Last year Region 3 received only 144 Individual Community Service Hours Reports. This was about 10% of our membership. This year I would like our region to have a 40% increase in reports. Our members work hard in the community and we must get them to complete the reports. Local units are asked to get members to submit forms in September for January-June. Then December would be the month to report their hours for July-December. This would allow the local chair to meet the January deadline. Members could also call in their hours.

I will attend the NCRSP Committee Day on Thursday, October 4, 2018 in Raleigh. Thanks.

***Dee Williams
Region 3 Community Service Chair***

"Research has shown that people who volunteer often live longer."
