← On the left side of the homepage you can find links to the major sub-sections of the website. On the right side → you can find quick links to NCRSP, NCAE and NEA along with other sites frequented by educators and retirees. In the center of the homepage you will find topics of temporary interest near the top and links to all of our local units further down the page. ↓

DOCUMENTS/FORMS

For more Forms and Documents you can search the main [NCRSP website](#) and use the password **ncrsp** to access the Members Only section.

NCRSP has a section devoted to forms and documents. Our Region 3 page lets you go directly to those DOCUMENTS/FORMS but we also post some forms that are more frequently used and are found more quickly from our own site.

ARCHIVES

The ARCHIVES section makes an effort to document some of the items posted for each local and for the Board during previous years.

These archived listings reflect the activity that was previously posted for each local.

Locals that were added to the page after the formation of Region 3 do not have activity postings that reflect what they may have done in their previous districts. Only members of former District 6 have postings that predate the formation of Region 3.

Incomplete information in any given local/year indicates that no information was ever shared with the webmaster.

CALENDARS

Regional Calendar

Always check with your Regional/Local leaders to confirm meeting dates and locations. Not all changes make their way to the Webmaster.

Sample Content from the Executive Board Activity Heading

For Board Activity and Local Unit postings an effort is made so that visitors to the Region's website can experience an abbreviated "virtual" meeting that includes the AGENDA, MINUTES, NEWSLETTERS, PHOTOS and other relevant content from those meetings.

Sample Content from a Local Unit's Meetings

Most of this content is transferred to the ARCHIVES section at the end of the activity year.

Again, the goal is to give visitors to the Region 3 webpage an opportunity to get some measure of what it's like to be an active member in Region 3 NCRSP.
